

DESKK

Decorative

Originally designed as a book holder for KKDC catalogue 3.0, the KKDC DESKK lamp is precision cut from white laminated marine plywood. The light source is provided by twin strips of LED to demonstrate a comparison between KKDC 's-line' & 'n-line' light output, separately switched via an in-line dual switch.

Dimensions	L260/W90/H325mm (L10.23/W3.54/H12.8in)

Finish options

White

KKDÖ

DESKK

Decorative

DESKK is constructed from tough laminated plywood with a matt white finish and the simple aesthetic form provides a gentle reflected light with the dual-switched output. The solid & weighty DESKK construction has an integral pen holder feature and works well on any desk or on a shelf as book end support. Supplied boxed with KKDC Catalogue 3.0 (2017)
